To the Class of '81:

Congratulations! We welcome you to the ranks of a long and distinguished list of Chelsea High School graduates. You are now part of both the history of Chelsea High School and its future. Chelsea High School is a better place because of what you contributed during your days as students. It is now time for you to make your contribution to the larger world. We wish you well.

# CHALLENGE CUP

The Challenge Cup team, which is in its third year of existence, has now become a club activity for a small group of seniors and juniors. The club meets often during competitions reviewing vast amounts of trivial and not so trivial material. Do you smell something burning? This years competing members include: Matilda Andrade, Robert Margossian, Wayne McGill, Brad Promisel, and Scott Winer. Non-competing members of the club include: Nancy Levine, Donna Lea, and Veronica Richards.

Assembling a Yearbook is no easy matter. It requires a lot of thought, a lot of time, and a lot of effort. The 1981 Beacon Staff did, indeed, provide the thought, time, and effort that resulted in this book. Although, it was a grueling job, the staff members worked relentlessly, and they even managed to enjoy themselves at times. Though the staff could not agree on many things, they were all in accord that the job they accomplished was an experience.

The CHS German Club formed in September to foster interest in the German language, its culture and its people. Although the club was not sanctioned by the administration, its officers and members generously donated their time to several meetings and an evening outing to an Oktoberfest celebration at Lincoln-Sudbury High School. The club has also enjoyed the generosity of the German Consulate in Boston for the fine films on Germany which were loaned free-of-charge. The club also sports its insignia on an authentic flag of the West German Republic. The Consulate has also finished the club with a dozen multi-colored posters of the German landscape. The German Club will cap the year with a final outing to a German restaurant in the Boston area to sample German cuisine.

## ***STUDENT COUNCIL***

The purpose of the Student Council is to represent the entire student body. The elected members of the council work with the administration, faculty, Parent Teachers Association, and the School Committee on various school and community activities.

The Student Council also functions as the main source of spirit promotion within Chelsea High. Throughout the year we have sponsored many dances, such as the Thanksgiving Home Coming Dance and the Valentine Day Dance along with many sports rallies. To end a successful year the Student Council plans a roller skating evening and a Parent-Student dance.

## ***DEVIL'S DELIVERY***

Wake up all you sleeping beauties of CHS — It's Marla and Glen with today's Devil's Delivery!

As always we are here to inform the student body of past, present and future happenings. If you've listened carefully (which we know you have) you would have found that the daily announcements were "almost" perfect.

We'd like to wish the Class of "81" the very best of luck.

# NATIONAL HONOR

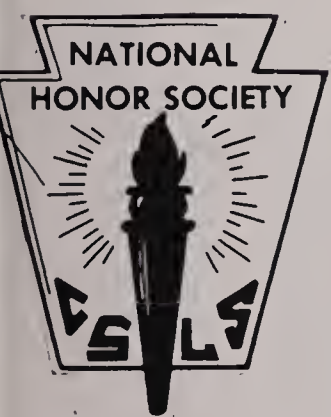

The Chelsea High School Chapter of the National Honor Society is an active group of over thirty five students. Election to the organization is based on high standards of scholarship, service, leadership and character. The installation of officers and induction of new members was held in December with a buffet dinner attended by students, parents, and the School Committee. Soon after the annual Secret Santa and Toy Drive began. In the Spring the society sponsored a basketball game and the annual Blood Drive in conjunction with the Massachusetts General Hospital. All profits from the activities go to the Honor Society Scholarship Fund.

The Chelsea High School Guidance Department arranged a "College and Career School Night" held in the John F. Ridge Memorial Auditorium.

Admission Counselors from over sixty (60) schools were present to answer questions concerning application and admission policies, major fields of study being offered, and most importantly, financial aid and work study programs available at their respective schools.

This affords all concerned an opportunity to talk directly with the College and Career School Representatives and hear their offerings first hand.

Our season started on a good note with captains' practices, and then we went on to football camp. The team worked hard and came out shining as we downed our first opponents in a pre-season game. Unfortunately, when the season came around, we had lost many of our big players to injuries. As the season progressed, the team grew smaller. A high morale was kept despite our losses. It seemed very difficult to push ourselves on and on and still lose. Even though things seemed dismal at times, our team never gave up and worked twice as hard to keep its composure and pride.

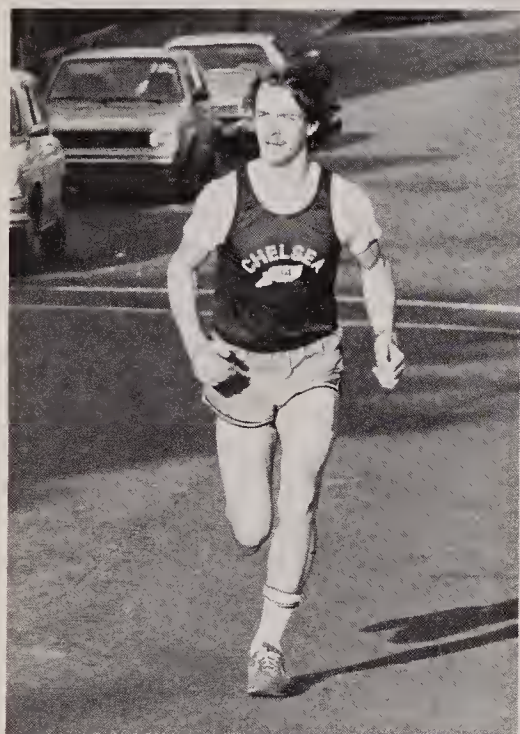

We all knew we had one last chance to turn our season around by defeating the Thanksgiving rival. We weren't going to let this chance slip by. The team pulled together and worked like it never had before, despite the snowy conditions. It all paid off as we came from behind to down Everett in an unforgettable game, 34-26.

The 1980 Cross Country teams, both boys and girls, were greatly improved squads. They placed in the first five in almost every meet. Their times were competitive and in most cases a second or two off the winning time. The boys were captained by William Paradis and David Jeglinski, while the girls captain was Drenda Carroll.

Distance running is a love affair. You have to love it to endure it. Ask any of your local track addicts. Cross Country runners are seldom seen unless of course, you are looking along the practice run on Washington Ave. Any day during the season you can see their black and red suits go pounding and sweating by. To finish first may be a team dream but all can develop strength and stamina and improve their personal time as the rest of the team cheers them on.

This year the CHS Boys Basketball team brought great pride to Chelsea High and to the people of our city. We would like to congratulate them on their fine efforts in winning the GBL title. We especially want to congratulate Craig Walker who has been one of the greatest players ever to play for CHS. In 1981 he led the team to its first ever GBL Title, broke the city's scoring record, and led the state in game point average. We will all remember February 20, 1981, the day the Superstar's number, "21", was retired. This and the winning of the title have made this year a most unforgettable one.

The C.H.S. Hockey Team in "81" has seen a great improvement from the past years. This year's hockey team had great spirit and worked very hard. The record didn't show how much we improved, but the team was in every game we played. We had lots of fun during the season and never once gave up during a game because this team had SPIRIT.

Under the leadership of Coach Bavaro, the team, though unsuccessful, made a combined effort to bring home a victory at each meet. The team, however, was usually outmanned and members had to participate in several different events. They never complained and always gave it their best job.

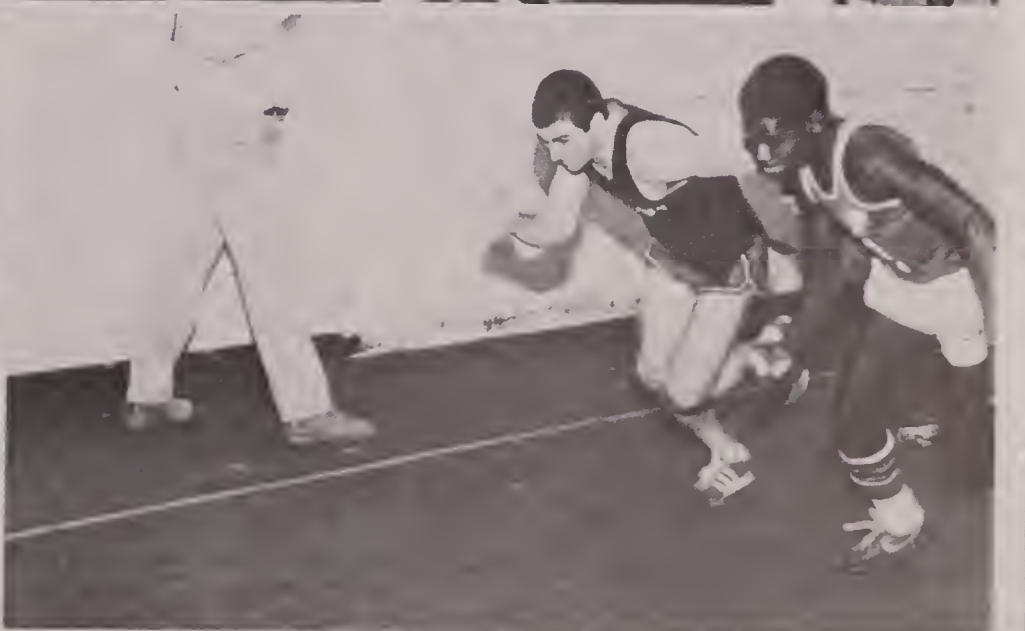

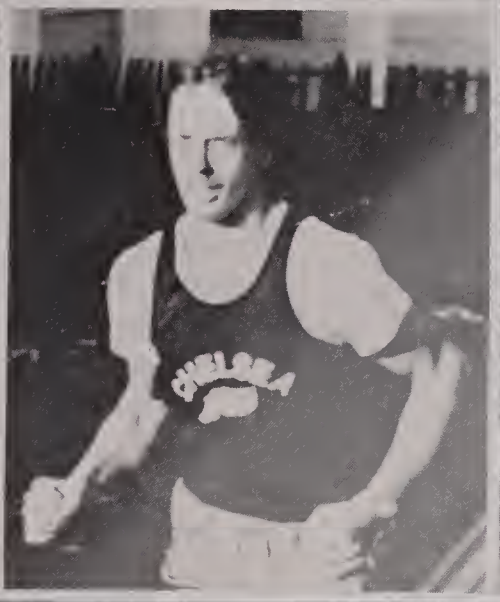

***ATHLETES  
IN ACTION!!***

We, the class of 1981, have been most fortunate to have as our class advisor a man of charm, patience, dedication, and perseverance. Due to his unselfish efforts, we have been transformed from a confused and gangly group of freshmen to a spirited and unified group of seniors. Always there with a smile or a joke, a much needed piece of advice, or just an open ear, he has never been too busy to talk to us. Mr. Cardarelli's everlasting sense of humor has especially made these last four years unforgettable.

We, the Class of 81, would like to thank you, Mr. Cardarelli, for all that you have done for us. Without you we could have never made it. Thank You.

***A DAY IN***

***THE  
LIFE***

What are you up to now, Susan?

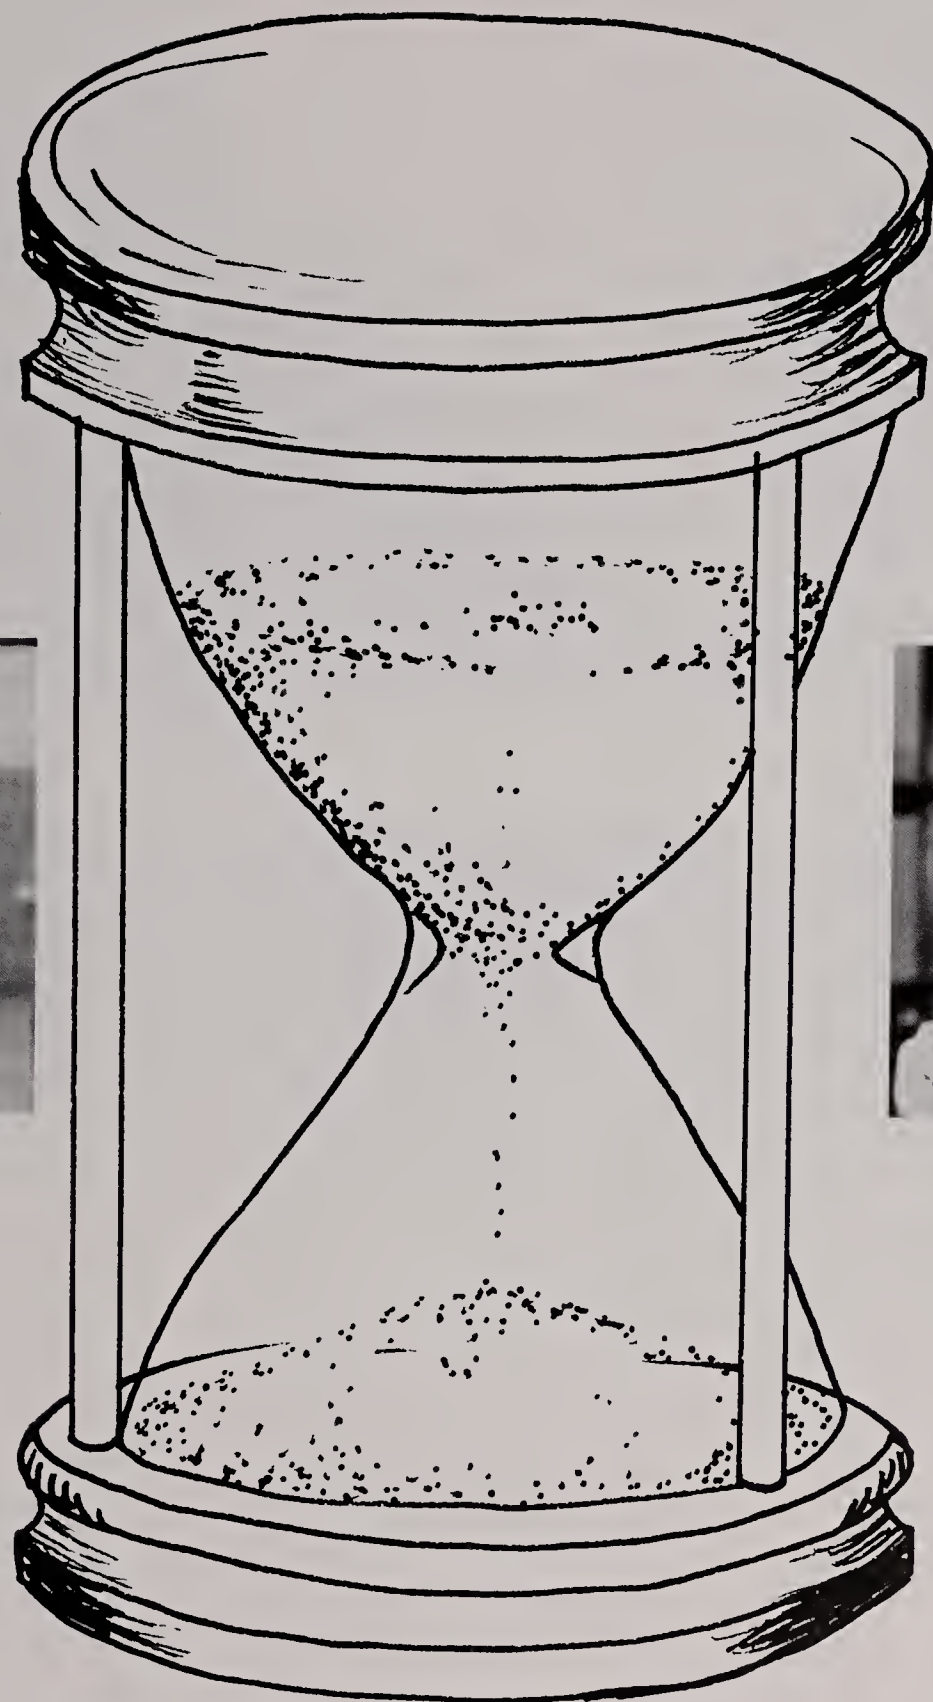

Innocent?

True Friends!

# ***DAYS OF OUR LIFE***

***CHELSEA H.S. 1981***

Cute as a bug's ear or what?

You want to wear this salad!

If you're not going to finish it can I have the rest? Please?

I told you I'd get even with you!

You'll get over it.

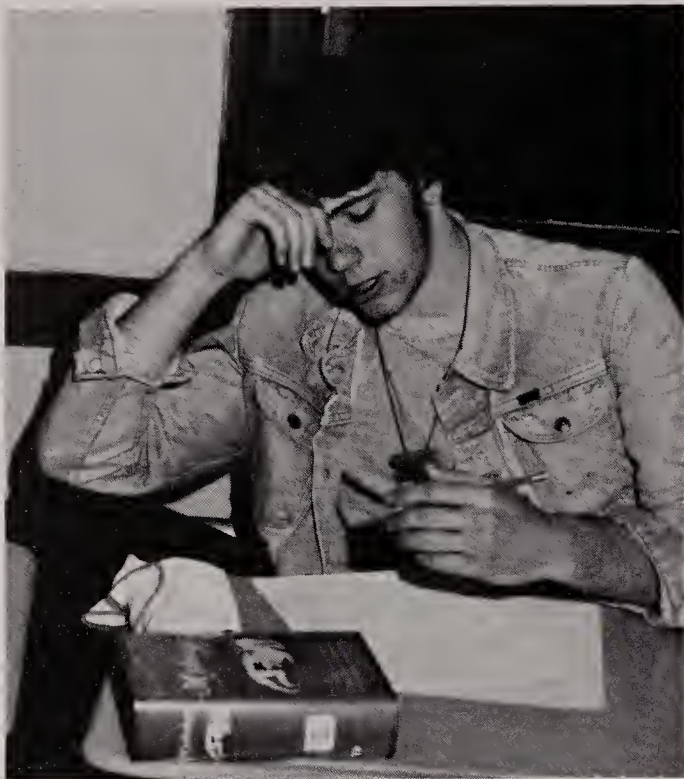

CHS - #1 in your heart

Yeah, that one over there! She's the one.

I can't take this anymore!

A job well done, Matilda.

Growing Up????

Wait! I know that one!

Help from a friend.

On the run, see ya later.

Do you have a problem?

What college wants us?

I can do this in my sleep.

Farewell to our friends.

As Regina Turns . . . .

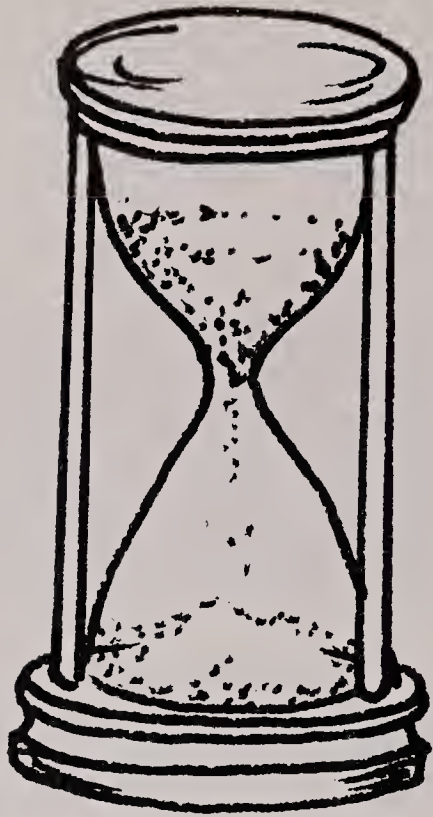

Wow! Look at her.

Don't leave ME alone in these corridors.

You won't find the answer in the bag!

Another exciting lunch period

And if elected . . . . .

A worried Brad.

What did I do now?

The evil eye

Friday, 2:10; all smiles!

Now how did that get in there?

Shocked!

A couple of squares-dancing

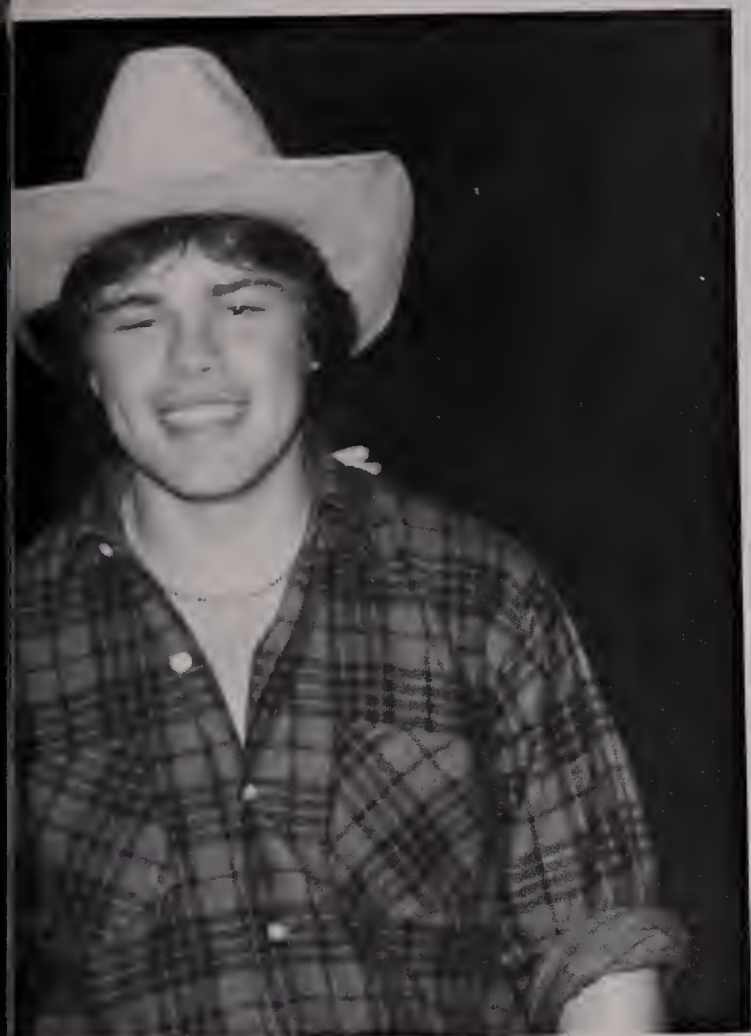

A sure success.

Still a chance.

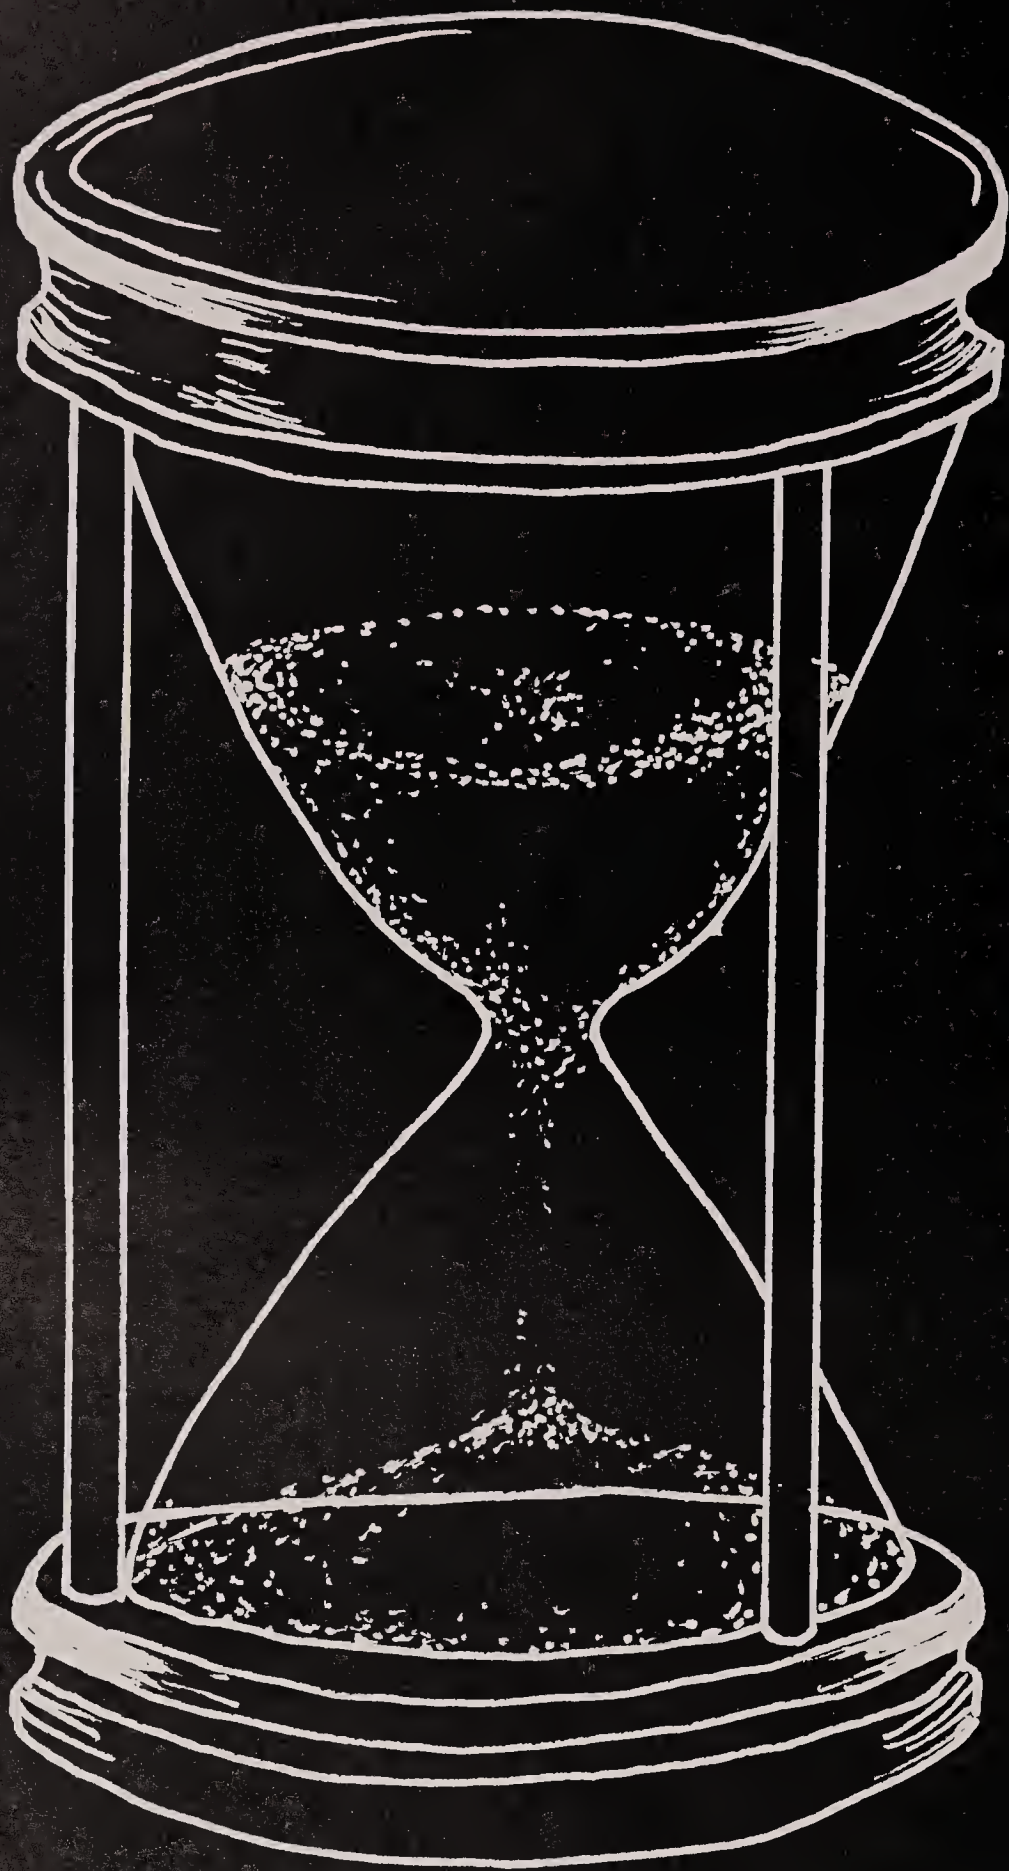

What's she mumbling about now?

Did she just submit an application to the Committee to find Brooksie a date to the prom???????

***TO BE CONTINUED, . . .***
